

INFLUENZA EMBARGO

CITY HEALTH OFFICER CHASE ORDERS PUBLIC GATHERINGS DISCONTINUED

The following order has been issued, not because we have an epidemic of "Influenza" in Glendale, but as a precautionary measure to prevent one. We are co-operating with Los Angeles, Long Beach and other cities of Southern California in this matter.

As soon as the danger of an epidemic has passed, this order will be rescinded. In the meantime its provisions will be strictly enforced.

To All Citizens of Glendale: On account of the prevalence of the epidemic commonly known as "Influenza" and as a precaution to prevent its spread in the City of Glendale, I hereby direct that all assemblage of people in the Schools, Churches, Theaters, Lodges, Clubs, and all gatherings of men for drilling, or other public purposes, be discontinued until further notice.

This order to be effective from and after six o'clock p. m., Friday, October 11, 1918.

Signed, R. E. CHASE, M. D., Health Officer, City of Glendale.

NO DRILL OF REGISTRANTS

In obedience to an order issued by Dr. R. E. Chase, Health Officer of the City of Glendale, forbidding any public gatherings until further notice at Schools, Churches, Theaters, Lodges, Clubs, and all gatherings of men for drilling or other public purposes, on account of the epidemic commonly known as "Influenza," the drilling of registrants on the campus of the High School grounds has been postponed until further notice.

LIBERTY LOAN WORKERS

Miss Alice Frank and Joseph Melzer, captains in the Liberty Loan drive for Precinct No. 6, report that they have a number of lieutenants in addition to those already published, who are doing splendid work in their precinct and whom they wish to have credit for what they have done. Besides those already named, there are T. W. Preston, Dr. Vanderhoof, Mr. Ditch, M. B. Hartmann, H. B. Wood-ill, Dr. Luecock, R. M. McGee, Miss Rosemary Button, Mrs. McCourt, Miss Whytock, Mrs. Frank Campbell, Mrs. Sarah Tupper, Mrs. Wallace Tupper, Mrs. Eva Gilson, Mrs. Wagon.

TRUSTEES' MEETING

DR. R. E. CHASE, HEALTH OFFICER, GIVES REPORT ON INFLUENZA SITUATION HERE

The Board assembled at 8:15 p. m., October 10, 1918, all members being present. The minutes of the last meeting were read and approved.

Dr. R. E. Chase, Health Officer, made an oral report on the situation in Glendale regarding the cases of influenza. Thirteen cases have been reported to him supposed to be of this disease, but without bacterial examination it is not possible to make a positive diagnosis. He is investigating the subject in connection with the Los Angeles City and County health authorities and will be able in a few days to express a more positive opinion and advise the Board in regard to the subject. Dr. Chase does not favor the closing of schools at present, believing that it is easier to keep track of the children assembled at the schools than when they are scattered in their various homes.

(Dr. Chase has since held a conference with health authorities of surrounding towns and ordered all public gatherings dispensed with.)

An application for permit to sell milk was presented from Philip Gies of 525 Cherry street. The same being approved by the milk inspector was, on motion of Trustee Henry, approved.

A letter was read from Agent Theaker of the Southern Pacific Ry. Co., Glendale, in regard to the bill previously presented by him on behalf of the Ry. Co. for the expense of moving the tower at Tropic. The communication was referred to the City Attorney.

A communication was read from the City Manager calling the attention of the Board to the report of Fire Chief Lankford in regard to the test of the pump recently installed on Fire Engine No. 1. The report showed that the test was a very satisfactory one, and the City Manager's communication stated that this apparatus, which was purchased in October, 1913, at a cost of \$6,250, now with the pump installed represents an investment of \$8,369.00; a standard apparatus of the same capacity

SPLENDID ORATORY

ADDRESS BY LESLIE HENRY LEAVES NO REFUGE FOR GRUDGING PATRIOTISM

Scarcely a vacant seat was to be seen at the High School Auditorium Thursday evening at the Community Sing when Leslie Henry was introduced by the Chairman of the organization, Alexander Mitchell, and began his magnificent plea on behalf of Liberty Bonds. It was a splendid audience from more than one standpoint, an audience which could appreciate his clear exposition of the war situation in the light of the transactions of the government and the light of the obligation of the citizen whose pretensions to sacrifice were held up to scorn as he showed the absolute safety of the loans made to the government to be returned to the investor with interest when the purchasing power of the money loaned will have been restored to 100 cents on the dollar where now it has a purchasing power of only 60 cents on the dollar because the purchases made are in competition with the government.

As a proposition of pure thrift, he showed how wise it would be to refrain from expenditures now while money's purchasing power is so low, and loan it to the government with the absolute certainty it would come back with interest when its buying power should be restored.

He showed that the only way the government could meet the tremendous demands made upon it by such a war was by the curtailment of consumption, the giving up by the people of some of the steel, the copper, the petroleum, the wheat, the sugar, all of the things which are essential wealth, to create a surplus for the government.

He paid his tribute to the wage earners who are buying bonds on time, mortgaging their unearned wages for months to come or, in other words, lending their credit to the government in its hour of need, and contrasted them with the other class which lives on the income of its investments and then plumes itself on putting its spare cash into government bonds, and when urged to take more declares it "can not go in debt," yet the men who are defending those thin-blooded patriots are mortgaging their very lives for the cause.

He spent a good deal of sarcasm on "sacrifice" and said in that connection that he wanted to refer to one of our allies that has been backing France and backing Belgium and backing Serbia with men as well as treasure, our erstwhile enemy, England, which he declared has a man in uniform for every three souls in the kingdom, and one man dead for every family of five people, 900,000 dead in 1917 on the fields of France alone, and has lost 500,000 more men than the French armies. A nation of forty-two million people, with her colonies, she has today in the field

MRS. DURHAM RECEIVES WAR TROPHY

Mrs. J. W. Durham has just received from her son Ben, who is on a ship carrying supplies to our allies and soldiers and who she thinks is now nearing an Atlantic port, a German helmet which he secured on one of his trips to France and which is now displayed in the window of Cornwell & Kelly's hardware store. The helmet is well battered, contains a bullet hole, the padding is badly soiled and worn and it has evidently seen hard service. Ben brought the helmet to this country and gave it to Mrs. Bartow, who was visiting in Brooklyn, to bring to his mother. Mrs. Durham reports that her son greatly enjoyed his visits with Mrs. Bartow while he was in port, as he has not had a furlough during his enlistment, which is over three years, and the sight of a home face was good. His term of enlistment will be up about December 1 and she is expecting that he will come home for a short visit at that time. Ben is not yet of age and has made a good record for a "kid." He has had some interesting experiences and seen things that make him want to fight. His dearest wish is to get a shot at a submarine. Ben visited Westminster Abbey on one of his trips to England and was interested to see that although the German airmen had made the abbey their special object of attack on several occasions, and had wrecked many buildings around it, the historic structure is practically untouched. When Ben saw the victims of gas attacks who had been sent to England to recuperate his fighting blood was up.

Ben's brother Murray is with the Military Police in France. Mrs. Durham has not heard from Murray in three weeks and is anxiously looking for a letter.

GERMANY'S DEFENSIVE SYSTEM CRUMBLES

FOCH STRIKES APEX OF CAMBRAI-VERDUN SALIENT, ST. GOBAIN, FALL OF WHICH WILL SPLIT GERMAN ARMY

(Special Service to Glendale Evening News)

LONDON, October 11.—The greatest defensive system in military history today was falling like a house of cards before the greatest offensive force of all time.

The Germans are giving away along a 200-mile front from Lens to Verdun.

With the Germans on the verge of complete rout between Lens and St. Quentin, falling back before merciless Franco-American hammering in the Champagne and Argonne and withdrawing between Rheims and Laon, Marshal Foch today suddenly struck the apex of the gigantic Cambrai-Verdun salient and attacked St. Gobain massif, capturing Servais. The falling of St. Gobain would utterly split the German armies and probably trap hundreds of thousands in such a manner that they could not escape.

Throughout last night the allied advances continued everywhere, including the new sector of Chemin des Dames. The French, co-operating with the Americans in the Argonne Forest, reached the outskirts of Grandpre and today allied patrols penetrated the city that has been the railway base at the western approach to Grandpre.

The Americans reached Somme last night and occupied another large sector of the Kriemhilde line.

From Cambrai, the Germans early today were retreating precipitately toward Denain and Valenciennes.

East of Cambrai the allies passed beyond Solesmes and Le Cateau.

East of St. Quentin the French reached the Lys River at Hauteville. The allies are within three miles of Vouziers and the Germans have set the city afire.

The British are within ten miles of Valenciennes.

The Americans on the St. Quentin-Cambrai front encountered stiff resistance at a few points during the night but completed the capture of Vaux, Andigny and St. Sault.

During the night, between the Ailette and the Aisne, the Franco-Italian troops pressed beyond the Lys canal, advancing astride the Chemin des Dames line.

ALMOST TWO MILLION MEN IN FRANCE

BRITISH WITHIN 14 MILES OF GREAT GERMAN RAILWAY WHERE LINES SERVING THEIR WESTERN FRONT JOIN

(Special Service to Glendale Evening News)

WASHINGTON, October 11.—Chief of Staff General March announced today that over one million, nine hundred thousand Americans had been shipped overseas to date.

Conferring with newspaper men, he referred to the Liberty Loan, declaring: "This is no time to act on the idea that the war is over. The thing to do is to back the government with men and money until victory is certain."

Discussing the war movement, he pointed out that British progress beyond Le Cateau has brought them within fourteen miles of Aulnoye, where the great German railways serving the western front, join. A few more miles of advance in that region will give the allied artillery control of those railways.

He said that allied pressure is keeping the Germans constantly on the move.

General March revealed that the 91st Division from Camp Lewis is now in the training area in France.

GERMANS SET CITIES AFIRE AS THEY GO

AMERICANS FIND EVERYTHING IN RUINS AS THEY ADVANCE IN THE ARGONNE IN THE CHAMPAGNE REGION

(Special Service to Glendale Evening News)

LONDON, October 11.—Battle front reports today showed that the French east of St. Quentin had advanced a maximum of three and three-fourths miles. They reached Bernoville, Montigny and Bernot.

In the Argonne region the French captured St. Martin and reached St. Morel. They crossed the Aisne and occupied Ternes, Chivy and Mourines.

The French advanced in Chemin des Dames sector as far as the heights of Cerny-en-Lannois.

In the Champagne region the French crossed to the north bank of the Suippe river at numerous points and captured Samide, Carbon and Brieres.

The Americans advancing in the Argonne in the Champagne region are finding everything in ruins. Practically every center behind the German lines is afire.

TO CONTROL SPANISH INFLUENZA

(Special Service to Glendale Evening News)

LOS ANGELES, October 11.—Two hundred and fifty cases of Spanish influenza in Los Angeles county outside of incorporated towns were reported to the County Health Officer today. Most of the cases were at Hawthorne, Florence and Miramonte.

In Los Angeles city, 153 cases with five deaths were reported up to noon today.

The County Health Officer announced he would close all schools within a radius of ten miles of Los Angeles.

Long Beach today ordered all moving picture and other theatres, schools, churches and public gathering places closed indefinitely at six o'clock tonight.

LIEUT. WHITAKER DEAD

ANOTHER GLENDALE SOLDIER IS VICTIM OF DREADED INFLUENZA EPIDEMIC

Yesterday's news dispatches contained an item from Dunsmuir, in Shasta county, to the effect that an epidemic of influenza had spread through the town and that over 300 cases had been reported, including several deaths.

Among the victims was a well-known young man from Glendale, Lieut. Reginald E. Whitaker, the news of whose death was contained in a telegram received by his mother yesterday morning at her home and that of her daughter, Miss Ina Whitaker, on West Ninth street near Central, from the young man's wife. The Whitaker family are among the pioneer residents of Glendale, having resided for many years on Ninth street near Adams, and are prominent in social and church circles.

Lieut. Whitaker was a graduate of the Los Angeles High School and of the State University, where he obtained a degree as Civil Engineer. About the time of the entry of the United States into the war he volunteered and received a Lieutenant's commission in the Engineers and was among the first of that body sent into training at Camp Lewis and on Long Island. Just on the eve of departure for France, he had a final medical examination and failed to pass. He soon afterward returned home and accompanied by his wife went to Dunsmuir in an engineering capacity for the State Highway Commission.

He seems to have been in excellent health until a few days before his death and had been encouraged in the hope that he was recovering from the defect which an examination by army physicians had discovered and would soon be able to re-enter the service. He was a young man of high character and attainments and had a large list of friends who with his wife, mother and sister will keenly feel their loss.

He was married at St. Mark's church in Glendale about five years ago to Miss Frances Eyre, who will accompany the body to Glendale, arriving Saturday morning. Announcement of the funeral will be made later.

NOTICE TO EVENING NEWS READERS

The announcements of public meetings which appear in today's Evening News are counteracted by the order issued by the City Health Officer, which order is published in another column of this issue. These announcements were ready for the press and could not be withheld on such short notice.

TRAINS AWKWARD SQUAD

Letters received from Sergeant Seymour Smith, son of Mr. and Mrs. J. Herbert Smith of this city, now at Camp Meade, Pennsylvania, bring the information that he is in charge of an exceptionally "awkward squad" composed for the most part of ignorant foreigners who can not understand his orders, who do not know what the war is about and who were unwilling victims of the draft. He is struggling with them and endeavoring to make them conscious of the purpose of the war. His superior officers tell him if he is not successful the men will have to be sent to a school where they will be taught and Americanized in so far as it is possible. He also writes that all the men have been ordered out of barracks and are now sleeping in the open on beds of hay, because of the Spanish influenza. Sergeant Smith has been recommended for an officers' training school and has passed the preliminary physical examination, but the quarantining of the camp on account of influenza has cut him off for the present from taking the other preliminary examinations. He was very well, and was anxious that his friends here should not worry about him.

RED CROSS SHIPMENT

Two big boxes which were filled with articles that represented the industry of Red Cross workers in the Hospital Garment and Knitting sections of the local chapter, were shipped to division headquarters in San Francisco, October 8th. The inventory of contents shows:

80 pajama suits, and any one who has ever made or assisted to make one of these suits can have some idea of the amount of work represented by this one item.

78 pairs of bed socks.

21 serge dresses for eight-year-old girls.

178 outing flannel petticoats for 4-year-old children.

6 sweaters.

130 pairs of socks—another evidence of skill and industry.

NAVAL LIFE HAZARDS

EUSTACE A. ROWLEY TELLS OF DROWNING OF MEN ON LEAVE WHEN RETURNING TO SHIP

The following letter which reveals some of the hazards of naval life, has just been received by Mr. Rowley, Chairman of Salvage for the Junior Red Cross, from his son, Eustace A. Rowley of the U. S. S. Marblehead. It will be noticed he has met Sunland boys.

"We had an accident here in the bay night before last. A boat with 35 sailors returning from liberty to one of the ships was struck by a heavy sea and swamped at about 11 p. m. The officer of the deck on the Marblehead heard them and called the crew to man the lifeboats. We quickly lowered two lifeboats and against a swift tide and waves ten feet high went to the rescue. Our boats picked up sixteen, and one swam to one of the ships. The rest were lost. Our ship was highly complimented by the Admiral and Captain for getting away so quickly.

"I met one of the men we rescued today and found he was in the same tent with Percy De Wello, Martin Spencer and me at Mare Island when we had measles. He was in my company there. He was a Pasadena boy named Kemp.

"Send the News to me or take out a subscription for me addressed to the ship. Am well and feeling fine."

LOCAL P. E. FARES

At the meeting of the Board of Trustees Thursday evening, City Attorney Evans reported that he had interviewed members of the Railroad Commission relative to the collection of 10c fares within the city limits of Glendale and the Commissioner had stated that the order issued by the Commissioner was not designed to raise local fares. He agreed to the request of Attorney Evans, but had not yet issued an order on the P. E. Company restoring the 5c fare. The City Attorney is following up the matter and has sent a telegram to Commissioner Loveland requesting that the order to restore the 5c fare be issued.

STUDIO TEA POSTPONED

The Studio Tea which was to have been given by the Art and Travel Section of the Tuesday Afternoon Club in the studio of the late noted artist, Eugene C. Frank, on Eagle Rock road, whose daughter, Miss Alice Frank, is curator of the section, has been postponed on account of the serious illness of Miss Frank's brother, Harrison W. Frank, who is threatened with an attack of pneumonia. The meeting will probably be held October 28, but further announcement will be given through these columns.

WORTH WHILE MEETING

PACIFIC AVENUE P.-T. A. ENJOYS A PROGRAM OF EXCEPTIONAL INTEREST

The opening meeting of the Pacific avenue P.-T. A. was held Thursday afternoon at Pacific avenue school with a large attendance of interested mothers.

In the absence of the president, Mrs. Edna Sawyer, the president of last year, Mrs. Minnette Sherman, presided.

After the singing of "The Star-Spangled Banner," the piano accompaniment being played by Mrs. Leroy Bosserman, the correct salute to the flag was given by Mrs. Eustace B. Moore, Federation Chairman of Patriotism. Mrs. Von Oven, Patriotic Chairman of the Pacific avenue association, and who is also chairman of the Junior Red Cross, explained her work and secured the co-operation of some of the ladies in making the little garments for the Belgian babies. These were ready cut and full directions enclosed, and this work can take the place, if more convenient, of Red Cross work done at headquarters.

Mrs. Frank Ayars and Mrs. Lucas were made president and secretary of the W. S. S. for this year.

A communication from Mrs. Edna Sawyer was read in which she asked that the association accept her resignation. This vacancy was then filled by the election of Mrs. Frank Ayars for president. A generous applause greeted the speech of acceptance made by the new president.

After the business session a splendid program, prepared by the program chairman, Mrs. A. S. Chase, was given. Mrs. Earl Bryant gave two beautiful piano numbers.

The talk on the Y. W. C. A. war work was given by Mrs. Dickenson of the Ebell Club, who said that not

USE GRAIN OF COMMON SENSE

Now, since the ruling of the city health officer has been that the holding of all public meetings be abandoned until a permit is granted by him that such meetings may be held, all for the purpose of abating the spread of the very common disease known as Spanish influenza, will it not be a common sense duty for parents and guardians of children to see that the children are prevented from visiting neighbors' homes and congregating in groups while an embargo is placed on the holding of public meetings.

LISTEN!

People who are not buying all the Liberty Bonds they are able to buy, even by stretching their credit a little, are overlooking the best investment on the face of the earth. Setting aside entirely the obligation to do so in order to help win the war, the opportunity of securing bonds backed by all the resources of the United States Government and bearing 4 1/4 per cent interest will probably never come again and should have been seized so eagerly that the amount of this issue would have been oversubscribed long ago.

Do you stop, for a single moment, to consider that before the war the average rate of interest on Government bonds was 2 to 2 1/2 per cent, and that 3 per cent issues running for any considerable period, could have been sold at par in practically any quantity?

We all know that there is always a great deal of money in the United States which is looking for secure investment, in a place where there is no danger of loss, but at the same time where a fair rate of interest may be obtained, and, if you will stop to think, such places are very scarce, so that people naturally turn to Government bonds or Postal Savings.

Did you know that the owners of the best real estate in New York City can usually borrow all the money they need, up to a very high valuation, at 3 per cent or less, when other real estate loans bring 5 1/2 to 7 per cent? Why? Because of the difference in the security.

A gatherer of statistics, a few years ago, figured out the value and income on all the real property in a thriving city of thirty or forty thousand in the middle west, and found that the average net income from it was only 1 1/4 per cent.

In the face of such facts, how can anybody fail to see that after the war is over and business settles down to normal again, these bonds will rise to a premium of 110 or 120, notwithstanding the large quantity to be absorbed? Previous issues have risen as high as 143.

Instead of allowing the good news from all fronts to cause us to let up in our enthusiasm and work for the sale of the bonds, it should have the effect of stimulating the purchase of them by all of us, because if the war should end sooner than we expect, we might not have a chance to buy any more of these splendid securities and if we did have another issue the rate of interest would probably be considerably lower.

W. B. KIRK, Publicity Chairman.

"STARS AND STRIPES" SEES TROUBLE BREWING FOR RATS IN THE TRENCHES

The Stars and Stripes, the newspaper published for the American Expeditionary Forces in France, recently printed the following regarding the work of former members of the scientific staff of the Biological Survey, United States Department of Agriculture:

"As you may have heard 5 or 11 times already, this is a scientific war. Whenever an annoyance or an actual menace to the Army is discovered, scientific steps are taken to annihilate the pest.

"Even the cootie is doomed. It is said that the research work is in charge of an officer to be designated as a co-tenant. But this story is about rats.

"The rat, figuratively, is about to be trapped. A year or so ago there was a man—a member of the Biological Survey—who had great success in exterminating the prairie dogs out in Kansas and Colorado. When America came into the war, somebody in the War Department suggested that maybe this scientific exterminator of prairie dogs was so good at that job he might be able to solve the rat problem in the trenches. So they ordered him over to give the rats a critical and microscopic look.

"He came over and went up front and studied the rodent. He studied it by and large, hither and yon, here and there, and through and through. He found out what it liked for supper, and its favorite flower and 'how it cared for its young,' and he doped out a way to lessen its ravages if not actually to exterminate it.

"He found out, too, that not all the rat trouble is at the front. A large part of it is at the base ports, where the rats get into the big storehouses, and cause damage to the food and clothing waiting to go to the front. Often the rats go right along up with the food and clothing.

"The rat specialist made his report and recommended that some men be sent to assist him. It is said that his request has been granted and that a successful barrage against the rat already has been laid down."

THEY HOOVERIZE IN THE ARMY NOWADAYS

(By United Press)
WITH THE AMERICAN ARMY IN FRANCE, Sept. 16. (By Mail.)—The boys over here are not going to let the folks back home excel in this game of Hooverizing.

The boys have been getting letters

from the folks in U. S. A. telling about food saving. Some mothers and fathers and sisters and brothers were going without things they wanted, that the fighters might have more.

To show its appreciation of economy back home, the army has begun a similar campaign to "save grub," as they call it in the ranks.

The campaign is one of saving without denial. Men can not stand the strain over here if they are denied enough food. But they can save without being stingy.

There are several ways of going at "saving grub" in the army.

One is to avoid over-helpings at the camp kitchen or the mess. The cooks in the army are good scouts and proud of their creations, and when a doughboy shoves up his plate for a meal, the tendency is for the cook to get enthusiastic and dish out more than any normal man can eat. They are much more careful about helpings now than formerly, and if a man's belt is not tight after his first plate of "chow" he may go back for more.

They're utilizing surplus fat in all meats for cooking grease, instead of just frying it away into smoke.

Crusts and dried bread will make good material for various dishes—probably there'll be more puddings than usual in the army now. It won't make the doughboys mad.

The American army has better "chow" than any other in the war now, and the men in it realize that they are under obligations to the rest of the allies to economize on the food.

GENEROUS DONATION ACKNOWLEDGED

Public acknowledgment is hereby made and grateful thanks extended, to the ladies of the Tuesday Afternoon Club of Glendale for their untiring efforts in promoting the Community Harvest Festival, which resulted so splendidly to the benefit of the local chapter of the American Red Cross. Heartiest thanks are also due the citizens of Glendale for their generous patronage and to every one who helped in any way, be it ever so small or large, to make the entertainment the fine success that it was. The check for \$727.12, representing the net returns, received this date, will go far towards carrying on the good work of the society.

JOHN HYDE BRALY, Chairman.

SPLENDID ORATORY

(Continued from Page 1)
eight and a half million men.

"This England, great in sacrifice," he declared, "has something far above the sacrifice in men, the tremendous moral power of her civilian population. The per capita income of her people is \$226 per year. Our per capita income is \$465 per year. England has a war debt of \$589 a head. We have a war debt of \$63 a head. England has a national wealth of eighty-three billions of dollars; ours is 250 billions of dollars. Her war debt is forty-six billions. You know what ours is. She has had a whole generation between 22 and 32 wiped out. There are in France today but one-tenth of those who left Great Britain between those ages. If not dead, they are crippled."

He then scornfully held up to reproach our laggard response to the government's call for six billions, declaring that we are ready to furnish the three million men but grudge the money needed to equip them to defend us.

In peroration he said "It is the supreme hour. We have come to the hour that Sedan was to the Franco-Prussian war, to the hour that Gettysburg was to the Civil War. We have come to the second great epoch in the world's life. The first was the birth of Christ and the second was the hour when we took the doctrine of the life of Christ and wrote it into the politics of the world; that hour when, not content with writing it into the life and politics of the world, we have taken life itself with which to wash out the sin of trespass that the world's greatest autocracy had made on human rights and liberties. We have come to the time, hidden in the darkness as it is, of the final reason for our being on the earth."

LIBERTY DAY CELEBRATION

Saturday afternoon, October 12th, Miss Edith Lindsay and pupils will entertain with a Matinee Dansante following the regular class lesson in the studio at K. P. Hall. All are invited to be present and a most interesting afternoon is assured. Class will be held from 2 to 3:30, after which a program of national dances in costume will be presented. During the grand march, preceding the social dancing, delightful favors will be presented, favors in keeping with the occasion, then will follow the social hour, in which all present are requested to participate. Those who will take part in the program are

1. Russia—Sarah Chandler, Barbara Blech.
2. England—Georgia French.
3. Italy—Charlotte Winsel, Margaret Brown, Dorothy McGinnis, Sarah Chandler, Kathleen Woods, Dorothy Woods, Mary Prowell, Lois Naudain.

4. Belgium—Peggy Rosegrant.
5. Spain—Lois Naudain.
6. Egypt—Jean Oliver.
7. France—Miss Lindsay.
8. America—Margaret Fox, Dorothy McGinnis, Lois Naudain, Sarah Chandler, Margaret Brown, Barbara Chandler, Dorothy Woods, Kathleen Woods, Charlotte Winsel.

It is Miss Lindsay's intention to repeat these matinees quite often during the winter, with different children on the program each time, giving all pupils an opportunity.

Little Peggy Rosegrant has recently come to Miss Lindsay from San

Francisco. She is most talented and this is her first appearance in Glendale.

THE WAR FUND

The War Finance Committee of the Second Red Cross War Fund drive of May 20 to May 27 is very anxious that the subscription to that fund should be closed at the earliest possible moment.

There will be a meeting of the officers and captains of the Second War Fund drive of the Glendale Chapter at Red Cross headquarters Monday evening, October 14th, at 7:30, to devise ways and means of collecting the unpaid pledges now held by the chapter.

There is about \$4000 of the subscription yet unpaid, all of which was due October 1st and is now delinquent.

O. SPENCER,
Acting Vice-Chairman Glendale Chapter A. R. C.

MEANT FREEDOM FOR FRANCE

Kathleen Norris gives an imaginary conversation with a young French girl describing the coming of the American soldiers to France as she is supposed to remember it:

"And men—to stand beside our men—from America! I remember standing in the chateau gateway on a bright November afternoon and seeing them come up the road. Soldiers! We were used to soldiers! But these were different. Grandmere was with me, we had been here all the time.

"They came along, in the streaming afternoon sunlight, and they smiled and waved at me. "They are the Americans!" Grandmere said, and she began to cry softly. "God bless them—God bless them!" she whispered, over and over again.

"And that night, as you know, we had their officers at the chateau and one of them told me he, also, had a daughter, not much younger than I, and that her name was Virginia—

"I don't know why—for God knows, there were hard times, and dark times, ahead—but from that moment I felt hope. Child that I was, I seemed to see behind those marching men the big and generous nation that was dedicating itself to their service, the women everywhere, with their sewing and cooking, saving and planning, their letters and their prayers—all one in their work for an ideal beside which the comfort and the ease of this generation was as nothing!"—Woman's Home Companion.

Think what the spectacle of cheerful giving means to the enemy.

How Much Candy Can We Eat?

THE TRUTH ABOUT CANDY

"Where shall we stop to stay within the bounds of patriotism?"

That's a question which puzzles many of us.

We all know that we must "go easy" on sugar, as it is our duty to conserve.

And candy contains some sugar.

So how can we know how much to eat?

The human system needs some sugar and this the U. S. Food Administration recognizes.

However, all tastes are not alike. Some people like their sugar in coffee, some in fruit and some in other ways. If you like yours in the pleasing form of candy—eat some candy.

The U. S. Food Administration allots the candy manufacturer a fixed amount of sugar. You can see how small it is, now, when we tell you that if distributed to the people direct it would only amount to one-third of a pound per person each month.

But this sugar is used with scientific accuracy in combination with nuts, fruits and other ingredients to produce much more pure, wholesome candy.

Part of that candy, wherever you see it offered for sale, is yours. Eat what you like, in moderation, or show your patriotism by sending it to some soldier boy.

Personals

An important meeting will be held today at the N. P. Banks Post and Corps, which is to be inspected by Department Officers.

Dr. and Mrs. Colin Cable of Columbus avenue were dinner guests Thursday evening of Mr. and Mrs. Christiaan Timmer of West Twentieth street, Los Angeles.

Miss Geraldine Keleher, daughter of Mr. and Mrs. T. J. Keleher of 528 North Louise, is ill with pneumonia. Hopes for her speedy recovery are entertained.

Mr. and Mrs. John Fraser of 350 Riverdale drive, who recently purchased a ranch at Orange, moved yesterday, to the great regret of their many friends in that social neighborhood.

The latest news from Robert Watling of this city, who has been wounded in France, indicates that he has not been seriously disabled and that he is recuperating nicely at the hospital to which he was sent.

In honor of her house guest, Mrs. Edward Payne of Lancaster, Mrs. Oliver Clark entertained a few ladies at luncheon Thursday, covers being laid for Mrs. H. V. Henry and Mrs. John Baum of this city.

Mr. and Mrs. David Crofton have learned that the house they have been occupying for two years has been sold, at 1319 Hawthorne street, and that they will soon have to move, which is a great discomfort to them.

Mr. and Mrs. Jack Boettner have been improving his vacation time by making short trips to the beaches and other pleasure grounds. They expect to move to the house next door in the course of a few days.

Mr. and Mrs. A. M. Beamon spent Sunday in Long Beach, where they were the guests of Mrs. Beamon's father, who is putting up a bungalow court of eight apartments to help in supplying the great demand there for dwellings.

Master Jack Hilbert of Santa Maria will be a guest of Harold Begg of Vine street on Saturday. Jack and his sister, Miss Nell, and Mrs. J. P. Hilbert were guests of Minnette Sherman and daughter Marjorie, of 410 Vine street, Saturday of last week.

Mr. and Mrs. A. W. Tower of 743 South Adams street have a sick household and have been attacked by what is supposed to be Spanish influenza. Both have been quite ill for several days though Mrs. Tower is able to be about, and their baby is now a victim.

Miss Gifford of Boston, who has been the guest of Mrs. W. E. Farlander of Riverdale drive for the past three months, who has made many friends here and for whom many complimentary social functions have been given, has been summoned home on account of the serious illness of her mother, who is suffering from Spanish influenza. She left this morning.

Mrs. C. A. Cole received word this morning from her husband, Rev. Cole, who had gone to St. Louis to attend the National Convention of the Christian Church, that the convention had been called off by the authorities on account of the influenza epidemic. Five thousand delegates had assembled for the meeting and the order was naturally a great disappointment.

Mrs. C. A. Bettcher of Sycamore avenue has just said a reluctant good-bye to her mother, Mrs. J. Alexander, who left Thursday for her home in Chicago after a fifteen months' visit. She toured southern California quite thoroughly and was very sorry to leave it. Her daughter hopes that affairs will so shape themselves that she can some time return to make her permanent home here, where she has made many friends.

This evening Mr. and Mrs. Dar Campbell are entertaining with a six o'clock dinner in celebration of the thirteenth birthday of their daughter Kathleen. Covers will be laid for twelve, the guest list being composed of her girl chums, and pink carnations, of which she is especially fond, will center the table. A place of honor will be given to a handsome birthday cake illuminated by candles. The menu will be strictly Hooverized.

Dr. A. A. MacIntyre and wife, of 142 South Central avenue, have just had the pleasure of entertaining Mrs. Lucius Johnson of New York, who is on her way to visit a daughter in San Diego. Mrs. Johnson is, or has been, somewhat of a globe trotter and was in Germany at the time the war broke out, and had some little difficulty in escaping from that country. Until that time she had been in the habit of spending her winters in France. Her son, Captain W. I. Johnson, is in the Field Artillery service at Clermont in France. Another son is at the head of a hospital in the south of Ireland. The MacIntyres are expecting guests from Vancouver next week.

Mr. and Mrs. Henry P. Smith, formerly residents of this city but now living in Berkeley, came south from the Bay City, Saturday. Leaving his wife here, Mr. Smith has gone on to El Paso, Texas, to transact business for the Southern Pacific Railroad, of which he is an employee. On his return next week they will go back to Berkeley together. Meanwhile Mrs. Smith is having a nice visit with her sisters, Mrs. E. U. Emery and Mrs. A. L. Bryant, and with her aunt, Mrs. Johnson.

Professor Harry Howe made a crisp, vigorous, effective four-minute speech at the Palace Grand Theatre Thursday night in behalf of the Fourth Liberty Loan, a speech which was warmly applauded and which will stimulate subscriptions.

BAND MUSICIANS WANTED

The local Exemption Board has been advised that eighty band musicians are wanted at Camp Fremont. This is a good chance for any registrant between the ages of eighteen and forty-five who plays an instrument. Applicants will be welcome and further information can be had by calling upon the Board at the City Hall.

WORK OF THE COMFORTS FORWARDING COMMITTEE

(Christian Scientist)
 The Comforts Forwarding Committee (Christian Scientist) of Glendale are preparing material and clothing for another shipment to our Allies and an arrangement has been made whereby the Comforts Forwarding Committee (Christian Scientist) will have a direct avenue of its own for shipping relief goods to France, and clothing sent there will be distributed by Christian Science workers already in that country to all our Allies in need.

In addition to new and second-hand clothing, we are now ready to receive new shoes and second-hand shoes which are in good condition. Any second-hand clothing or shoes sent to us MUST be cleaned and repaired and be of a character and quality that will reflect credit to Christian Science when it is distributed. Winter clothing is needed at present, and the committee and workers are now mending and repairing old clothing that has been sent in for the next shipment, which will be as soon as possible.

The work already done by Christian Scientists has been of such a splendid standard that it has given them a reputation of supplying garments of superior quality, and it is their desire to maintain this high standard abroad as well as at home. The Committee rooms in Glendale are 207 East Broadway, and the rooms are open daily, except Sundays and holidays, from 9:30 to 4:30 and Saturdays from 9:30 to 12.

CENTRAL AVE. P.-T. A.

A meeting of the Parent-Teacher Association was held at the Central avenue school Thursday afternoon.

To fill vacancies caused by resignations, Mrs. E. B. Wyman was elected president for the ensuing year, and Mrs. L. S. Blakney, treasurer.

Charming instrumental solos were given by Mrs. J. A. Wright. Mrs. Barton proved herself an able 4-minute speaker on behalf of the Fourth Liberty Loan.

Miss McIntyre outlined the work of the Central school for the Red Cross, Junior Red Cross and Salvage. In the absence of Mrs. Glenwood Jones, Miss McIntyre told of the wonderful success of the Junior Red Cross in the drive to clothe the Belgians and explained the many different branches of useful work undertaken by the organization.

Mrs. S. Kurtz gave a most entertaining talk on "Americanization."

The Ladies of the First Methodist Church have reserved November 1 and 2 for their annual bazaar, which will be held this year at 216 East Broadway, the building recently vacated by the Store of a Million Articles. 3411

RAZOR GRINDING AND SHARPENING

A SONG OF THRIFT STAMPS

Sing a song of Thrift Stamps,
 Sixteen in a row,
 Take them to an agent
 With nineteen cents or so;
 Change them for a War Stamp,
 And for your energy
 You'll get a crisp five-dollar bill
 In nineteen twenty-three.
 —T. F. Donovan.

A negro was brought to trial on a charge of stealing a horse. After the usual preliminaries, the judge turned to the prisoner with the question: "Guilty, or not guilty?" "Well, boss," replied Sambo, "dat's just what we's goin' to try an' find out."

"Many a smart man," said Uncle Eben, "gets discouraged too easy. An' many a fool man doesn't git discouraged easy enough."—Washington Star.

TRUSTEES' MEETING

(Continued from Page 1)

today would cost \$8,200.00. The communication was filed.

The Manager of the Public Service Department made a report. On motion of Trustee Henry, the Manager of the Public Service Department was instructed to have a red light placed at the junction of San Fernando road and Pacific avenue as a measure of safety.

On motion of Trustee Jackson, the following resolution was adopted by the following roll call, all voting aye: Whereas, the Public Service Department has furnished certain service through its Manager in the formation of Municipal Improvement District No. 2, and in the taking over of the lighting system for said district, and is to furnish further services in completing the transfers of all the property to be taken over by said District; be it resolved that the sum of \$150.00 be transferred from the funds of said District No. 2 to the Public Service Department for the purpose of compensating said department for the time of the Manager devoted to said district, as aforesaid.

The City Engineer presented a communication recommending that streets in the newly annexed territory, west of Pacific avenue, have names corresponding to the scheme carried out in the City of Glendale; suggesting that steps be taken to change Sycamore avenue to Doran street, Fair Oaks avenue to Milford, First street to Lexington, Second street to California, Fourth street to Broadway, Lester avenue to Kenilworth avenue, Cherry street to Kenilworth avenue, Fifth street to Harvard boulevard, Sixth street to Colorado, Seventh street to Elk avenue, Remington street to Columbus avenue, and that the thoroughfare now known as San Fernando boulevard, San Fernando road and Second street, have a distinct name. On motion of Trustee Shaw, the recommendation of the City Engineer in this communication were approved and the City Attorney was instructed to prepare an ordinance making the said changes; also changing the name of a portion of Central avenue to Eulalia street, and further that the name of San Fernando boulevard be changed to San Fernando road throughout.

The City Attorney made a report in regard to the action of the Railroad Commission in his application for a ruling limiting the price of fares to be charged within the City of Glendale to 5 cents. He had presented the matter to the Railroad Commission and the Commissioner had held that it was not the purpose of the order previously given to raise any local fares, and had practically agreed to the request of the City Attorney. However, the Commissioner had not as yet issued an order covering the matter, and as a consequence the railway company is still collecting 10c fares. He had sent a telegram to Commissioner Loveland requesting that an order covering the matter be issued. On motion of Trustee Shaw, the action of the City Attorney was approved.

The City Attorney reported that the hearing in the water cases, in which the City is interested, had been postponed from October 14th to December 9th next.

On motion of Trustee Shaw it was ordered that a change be made in the proposed ordinance regarding the presenting and auditing of demands, inserting a new section, providing that in the absence or inability of the City Manager to perform the duties imposed upon him by the ordinance, such duty shall be performed by the City Clerk.

WORTH-WHILE MEETING

(Continued from page 1)

only has the hostess house work been under the auspices of this splendid organization of women, but the housing, feeding and recreation of women workers in cantonments has been provided for. Mrs. Dickinson said: "There isn't anything to make American women out of but American girlhood. We must make the most of it."

Mrs. Florence Gallentine of Redondo Beach, past president of First District Congress of Mothers, but who now successfully fills the legislative chairmanship and the office of parliamentarian in that body, spoke in a highly instructive and forceful manner of different legislative matters that will be brought to the voters' attention this fall.

She said: "He who fails to do his citizenship duty is as much a slacker as he who fails to do his military duty. The woman of today who says, 'I am not interested in politics and so I do not vote,' is in the same class with the man who says, 'I am not interested in fighting and so I do not fight.'" The various initiative, referendum and constitutional amendment measures that will appear on the ballot were explained and the arguments for and against brought out. The appreciation of this timely and instructive address was evidenced by the notes taken by many of the women.

After the adjournment of the meeting, an opportunity was given to meet the teachers and the many strangers who were in attendance.

PHOTOS

A professional strong man, a performer in vaudeville, was a passenger on a train from Chicago to New York, and had occasion to go into the day coach. There he was accosted by an eccentric looking person, who said:

"Pardon me, sir, but are you not the strong man?"

"Some say I am," was the good-natured response.

"You can lift three tons in harness?"

"That's my record."

"You can hold two hundredweight at arm's length?"

"Yes."

"And put up three hundred pounds with one hand?"

"Yes."

"And six hundred with two?"

"I can."

"In that case," continued the eccentric-looking person, "will you be so good as to undertake to raise this car window for me?"

TUJUNGA

News of the marriage of Wallace Wieman was received by his parents last week.

Dr. White and daughter Rebecca killed a large tarantula on Michigan highway on Tuesday afternoon.

Mr. and Mrs. Hagerty and two daughters were up from Long Beach to close their home here for the winter.

Captain Hatch and daughter will take charge of the home of Mr. Lamson on Greeley street during the absence of the owners. Mrs. Lamson left for Washington, D. C., to join her husband the first of the week.

Mr. and Mrs. Matfield will occupy the house formerly owned by Barney Barclay, during the coming winter.

Mr. Wallace, a newcomer here, is renting the Billinger property on Walnut drive and expects to make his home here.

Mr. and Mrs. Richardson of Los Angeles have come to Tujunga for the winter and have rented the Haigh home on San Ysidro road.

The Ladies' Aid met at the home of Mrs. Ward last week and occupied the time in making dresses for the French Relief. Nine little dresses were cut out and those not finished on Thursday were finished the next day, some taking them home to complete.

We are surely ashamed of our boasted California weather, for fog and clouds have been abundant the past week.

Mr. Vernon and family have moved to their home on Marshall street, formerly owned by George Slusher.

George Slusher received news of the severe illness of his mother, who since the death of her husband has resided with her daughter in San Francisco.

Frank Herrick, having sold out his interest in the lunch and confectionery on the highway, leaves for Santa Ana, where he may spend the winter.

Mrs. Hudson and daughter Betty, from Santa Monica, were callers on Mrs. Ash on Wednesday.

The Misses Hancock of Los Angeles have been spending the week with their mother on San Ysidro road.

The Red Cross sewing bee was well attended this week and a speaker on Liberty Bonds gave a short talk after luncheon, urging all who could to get in on the Fourth Loan and help relieve the present situation.

The approaching winter makes us think of the fuel question. Some are putting in the oil burners, considering that oil is much cheaper and surer than coal or wood.

Mr. Correa will sever his connection with the Tujunga grocery and return to his home in Los Angeles. Mr. Correa has been in the valley for about five years for his health, and now feels able to return to his home. Our best wishes go with him.

Dr. Darling, wife and son are spending the month at their home on San Ysidro road. Tom will enter school while here.

Men of the community are arranging for a supper and entertainment to be given by them to the women of Tujunga. All women are invited and it will be free. All the expenses are to be borne by the men and all the work done by them. There will be a speaker from out of town, screen pictures and musical program. John S. McGroarty will preside and the date will be announced later.

LA CRESCENTA

The La Crescenta Woman's Club met at the home of Mrs. Mary Thomson on Wednesday. This was the first meeting after the summer vacation and a large number of members were in attendance. The Club voted to buy a \$100 Liberty Bond and to send a check for another year's support to our French orphan. The new members elected were Mrs. George Dunlop, Mrs. F. Vernon Hall, Mrs. Fred Caldwell and Mrs. J. Forbes. Lovely refreshments in keeping with war economies were served. The bread will be sold at the next entertainment with the recipe. Mrs. Thomson will be in charge of the refreshments. This will take place Saturday, October 26. Details next week, but there will be a dance. Contributions for the refreshments will be received by the treasurer.

The La Crescenta Water Company held its annual stockholders' meeting on Tuesday. The Board of Directors for the ensuing year are H. S. Bissell, president; J. B. McLaughlin, vice-president; S. S. Thomas, H. D. Johnson and H. J. Kramer.

Mrs. Helen L. Eaton has her daughter, husband and baby as guests at her home on Michigan avenue.

Walter Andresen has been transferred from Camp Lewis to Camp Fremont and expects to be sent to France at any time now.

Fred Vanlandingham is confined to his home with a severe cold.

Miss E. A. Brown and Mrs. Janvier are stopping at their La Crescenta home for a few days.

Andrew Peddee, who has been ill for some weeks with a complete nervous breakdown, is able to be about again.

Miss Lynette Wise has accepted a position with the Pacific Electric Company in the auditing department.

The picture show next week is a big war film, "In the Wake of the Hun," and a two-reel comedy, "Luke the Mechanic." This is the funniest thing in filmdom today. Come and laugh and forget your troubles.

Your War Savings pledge. Pay it early. Uncle Sam needs your quarters. You promised them. Pay up.

Mrs. A. M. Fraley spent Tuesday with old friends in the Valley.

The Red Cross classes meet Tuesdays and Thursdays at the school house from 10 to 5. Mrs. Ayres and Mrs. Miller will gladly welcome you and put you to work. There is much to be done and workers are all too few. Give one of these days for the sake of our boys "over there."

Buy a bond or pay the Kaiser's taxes. Do you realize what happened to Belgium might have come true here? Dig up the coin and bury the Kaiser. Buy bonds.

Mr. and Mrs. Wm. Scheuner had their daughter from Eagle Rock as a guest on Sunday.

Miss Marguerite Hauber, who is teaching in the music department of the University of Southern California this term, spent Sunday with her parents.

C. B. Robinson, who has acreage just south of Mr. Bissell, spent part of Tuesday looking his place over and attended the water meeting.

SUNLAND.

Mr. and Mrs. Richardson and son Ben, of Santa Monica, were guests at the home of Mr. Lancaster Monday.

Mr. and Mrs. F. Tench of Los Angeles and their son, Lieutenant Geo. Tench of the Aviation Corps of Riverside, were guests at the home of Wm. Blumfield over Sunday.

Mr. and Mrs. Wood Hagen of Los Angeles visited Sunday at the home of Geo. E. Huse.

Mr. and Mrs. Iven Spinney left Saturday for their home in Jerome, Arizona.

Wm. Stancliff, wife and children, spent Sunday at the home of A. Adams, Jr. Mr. and Mrs. Stancliff just returned to their home in Burbank from an extended trip in the East.

N. D. Huse and son Harry, of Los Angeles, Mr. Wilson of Madera and Mr. Wass of El Reno, Okla., were visiting at the Huse home in Sunland Sunday.

Herbert Branstetter, who has been assisting his mother with the ranch work for the past few days, resumed his work in the Glendale Union High School Thursday.

Quite a number of our boys are taking military training in Glendale each week.

Sunland will go way over the top in the Liberty Loan drive.

Mr. and Mrs. Green of La Crescenta have moved to Sunland and are occupying the house of Mrs. Abrams on Sherman avenue for the winter.

Mr. and Mrs. Hood, who have been harvesting the grapes on Mrs. Cushman's ranch, have completed their work and will return to Los Angeles this week.

Darwin Kirschman, after spending two weeks' vacation at home, returned to Pasadena to take up his duties in school again.

FLAG ETIQUETTE

By William Mather Lewis, Secretary National Committee of Patriotic Societies.

The United States military regulations and other rulings give well defined statements as to the respect to be shown the flag. The most important of these follow.

When the colors are passing, the spectator, if a man, should halt if walking, arise and uncover if sitting, holding the head-dress opposite the left shoulder with the right hand; if bareheaded, he should salute with the right hand. A woman should stand at attention as the flag passes by.

When the flag flies from a stationary flag-staff, it is not ordinarily saluted with the hand.

Used in decoration, the flag should not be festooned or draped, but hung flat. If the flag is hung with the stripes horizontal, the Union should be in the upper left corner. If hung perpendicular, the Union should be in the upper right corner.

When the flag is carried in parade, or when crossed with other flags, the Stars and Stripes should always be at the right.

The law specifically forbids the use of and representation of the flag in any manner in connection with merchandise for sale.

The flag should be raised at sunrise and lowered at sunset. It should not be displayed on stormy days or, except when under fire of the enemy, left out over night. Although there is no authoritative ruling which compels civilians to lower the flag at sundown, good taste should impel them to follow the traditions of the Army and Navy in this sundown ceremonial. Primarily the flag is raised to be seen, and secondarily, the flag is something to be guarded, treasured; and so tradition holds that it shall not be menaced by the darkness. To leave the flag out at night, unattended, is regarded by some as proof of shiftlessness, or at least of carelessness.

On Memorial Day, the flag should be displayed at half-mast from sunrise until noon, and at the peak from noon until sunset. It should, on being retired, never be allowed to touch the ground.

When "The Star-Spangled Banner" is played or sung, all present should stand, uncover, face towards the music, and remain standing, in silence, until the music ceases.

Applause at the conclusion of "The Star-Spangled Banner" is out of place.

Worn-out and useless flags should be destroyed, preferably by burning. A flag torn or frayed by the wind

and weather should not again be hoisted until it has been repaired. This is a regulation of both the Army and the Navy and should be followed by all civilians.

THE DOG ARMY OF FRANCE

There are four classes of dogs enlisted in the dog army of France—rat killers, Red Cross dogs, sentinels, and dispatch dogs. The last two are the most important. The sentinel dogs go into advance posts with their masters and are trained to give the alarm, by a low growl, at the approach of any other person. The dispatch dogs are used for sending orders. They are real soldiers, too. They share all the dangers of life at the front and they share, too, the "wooden cross" or military honors.

Advertise it, or advertise for it in the Evening News.

MY SOLDIER IN BLUE

I saw a soldier yesterday.
His uniform was blue.
He didn't dress at all, you see,
The way our soldiers do.

Upon his head he wore a cap,
Of black, and red, and gold.
I liked his black and shiny boots,
They made him look so bold.

I gave the soldier a salute,
The way I always do;
For Mother said that he was French
And should be honored, too.
